

# **King Long Belgium Busworld**

## **Tender Notice on Stand Design and Building Project**

### **I. Background Information:**

1. Exhibition Profile:

The 24<sup>th</sup> Belgium Busworld of 2017 will be held in Kortrijk, Belgium from October 20 to October 25. Busworld Kortrijk is a professional bus industry expo organized by BAAV. It is first held in 1971 and held once every two years. Busworld Kortrijk is the largest and oldest world bus industry event at present in the world. It is the seventh time of King Long to attend the Belgium Busworld continuously.

2. Company Profile:

Established in 1988, Xiamen King Long United Automotive Industry Co., Ltd. devotes itself to finished automobile R&D, production and sales of large, medium and light buses. Upon development of almost 30 years, it has become a leading enterprise of bus in China and one of the large bus manufacturers in the world. The annual production capacity is 20,000 large-sized and medium-sized buses and 30,000 light buses. The products of King Long cover various types of bus with length varying from 4.8 m to 18 m and are widely used in more than 130 countries and regions.

### **II. Tendering Project: Design and Building of Stand in Belgium Busworld**

### **III. Service Object: King Long**

### **IV. Tender Content:**

1. Overall design, construction, equipment provision & maintenance and on-site cleaning of Stand 401 as well as timely removal of all facilities as per the requirements of the Organizer after the end of exhibition.

The stand covers 586 m<sup>2</sup> and contains the vehicle exhibition area, VR experience zone, game & interaction zone, welcome area, business negotiation area, meeting rooms, kitchen, bar counter, storage room, etc.

Three vehicles will be exhibited inside the hall, with vehicle information as follows:

Location	Vehicle	Color	Length × width × height (mm)
Inside	Vehicle 1	Dark blue	8995×2480×3435
	Vehicle 2	Dark red	12990×2550×3770
	Vehicle 3	Light blue	13875×3080×3300

2. Cleaning of four vehicles to be exhibited (including inner and outer trims), in-depth cleaning of vehicles to be exhibited to exhibition standard. Except for the three vehicles to be exhibited inside the hall, there is 1 vehicle to be exhibited outside in open air, with vehicle information as follows:

Location	Vehicle	Color	Length × width × height (mm)
Outside	Vehicle 4	Dark blue	18000×2500×3200

3. Attachment of body stickers for the four vehicles and one parameter sticker on the front windscreen of one vehicle.

#### **V. Bidders' Qualification:**
